WHY RETREAT IN TUSCANY?

As INSPIRED CREATORS we need to intentionally remove ourselves from the ordinary to IGNITE the extraordinary that dwells within the deepest part of ourselves. Inspired retreats fuel our creativity. They inspire creative excellence and connect to what our soul desires to create in this brief lifetime.

ACCOMMODATIONS

We stay in a fully restored Medieval Tuscan villa built in the 1300's owned and operated by close friends of Angela and Gerry; the Cantini Family. This idyllic location is only 20 km from the city center of Florence. The family distinguishes themselves in Tuscan hospitality with comfortable and spacious apartments each with their own fully equipped kitchen surrounded by lush green gardens and olive groves making the writing experience truly one-of-a-kind.

The spacious apartments for this retreat are priced at double and triple occupancy. They house 2 and 3 writers beautifully. Each apartment has full access to the many secluded and sunny garden areas, tables and chairs, BBQ area and pool, panoramic areas to the property where you can enjoy the Tuscan sunsets and the scenic vista over the nearby olive groves. The apartments reflect a distinct traditional decor with terracotta floors, exposed beams and rustic furnishings while assuring the guest of many modern amenities. The extra comforts include a fully-equipped kitchen, dishwasher, and wireless Internet access throughout the entire property, as well as a shared washer and dryer.

ACTIVITIES

Our first night of arrival includes a Tuscan feast and celebration followed by two additional evenings of Tuscan cuisine. We have designed this experience with a blend of inspired group and one-on-one coaching with both Gerry and Angela, 24-time authors, editors and publishers. There will be ample reflective and writing time with select excursions to help you get the most of your creative Tuscan experience. We have included a couples experience to San Gimignano; an Italian hill town in Tuscany, southwest of Florence. Encircled by 13th-century walls, its old town centers on Piazza della Cisterna, a triangular square lined with medieval houses. The location of our Tuscan villa enables short walks to the nearby village centre for groceries, markets as well as wineries and olive groves.

The intention of the writers retreat is to forge a deeper connection to your vision, your deeper WHY while learning inspired insights to write transformational novels and powerful self-help books that connect with people's hearts.
